

PARENTS WERE ASKED TO SAY WHAT THEY VALUED ABOUT LILLESHALL SCHOOL AND HOW IS COULD BE EVEN BETTER IF. THEY COMPLETED POST-ITS THAT WERE THEN ARRANGED IN TWO COLUMNS ON A WHITE BOARD, THIS WAS DONE DURING PARENTS DAY ON THE 24TH OCTOBER 2018

Things parents and pupils value about Lilleshall Primary School	Even better if
<p>Positive relationships and respectful behaviour.            The pupil award in terms of recognition.            Parentmail - excellent in delivering communication.            After school clubs - increase in sports.            Mrs Cousins because she is a brilliant headteacher. I can always speak to her when I need to.            Wonderful family and friendly atmosphere.            Teachers do a brilliant job with class sizes they have.            I value the communication between parents and teachers.            The children are always encouraged to voice their ideas and problems.            Heart of the village.            The wonderful atmosphere.            The nurturing attitude of all staff.            The wide range of after school activities. The grounds and location.            Fantastic age range of teaching staff.            Teachers have a good relationship with the children and work hard to involve the parents.            Great fundraising ideas and get together for parents and the children.            Valuing time at home for family time. Excellent leaning within school.            Lovely family feel the school has - everybody knows each other's names.            Very pleased this year, we have a teacher who seems to be challenging, differentiating and aiming to inspire pupils.            I value the support we receive as parents.            Lovely friendly and warm atmosphere, super teachers and love all the sport you do - Mr Brassington is fantastic.            Good communication.            Great support for the children.            Parentmail.</p>	<p>More parents "teaching" evenings. How to do maths at home etc to ensure consistent methods used.            School cook isn't always kind to my children.            Feedback to parents on progress half termly.            Parents could meet with new year teachers at the beginning of the school year. Introduction and what to expect.            The lunch time staff (kitchen) need to improve. Sometimes my child has not had a hot lunch even though ordered.            School diary to record important events.            Parents to be involved in assembly when handing out special achievements.            An extra piece of homework in Yr 2.            Change the day of the nativity play on a yearly basis.            Will running club still run?            Plan for sports. Develop plan for classes to follow programmes geared to prepare pupils for inter-schools competitions so pupils have opportunity to compete and win. Not just preparing in clubs but also in PE lessons.            Get sponsorship for each trim trial station from parents' companies or local companies.            Reinstate Mind Craft club.            Could all Club letters come out as one, so there is only one piece of paper to deal with. Could all clubs run from first to last week of term. No confusion for parents or pupils.            Letters to parents/communication improved. Information sent out sooner, eg needing shin pads for PE.            Forest school/more outdoor/natural/nature based education - make the most of beautiful location.</p>

<p>The willingness to deal with issues immediately (between children).  School rules.  Any problems or concerns dealt with by the Headteacher quickly and effectively. Thank you.  Sociable feel of a smaller school.  Happy community.  All children are making great progress and are all happy in school.  Strong focus on development and happiness of the children.  Strong focus on the development of children.  Enthusiastic and dedicated teachers and staff.  Happy atmosphere and good learning environment.  Good variety of after school clubs.  The support network, not just a school, a community.  Value Parentmail, fabulous for on the go parents. Teachers and the Head are very supportive and approachable. Even TA's are great and After School club.  The teaching is engaging and the environment is nurturing.  I like the lessons and the teachers. I like playtime.  Brilliant after school clubs.  Small friendly atmosphere. Community feel.  The ambition of the children that obviously comes via the teaching staff.  Small, friendly, all teachers approachable.  Jack has nearly finished his schooling at Lilleshall. From Yr R through to Yr 6 I have been blown away by the level of teaching, how fab Mrs Cousins is, and the school itself. Jack has been cared for, valued and thrived.  All activities are focused around the children's learning and will always develop the children's knowledge on subjects.</p>	<p>No minute maths - too much pressure.  Allow children bigger portions if required at lunchtime.  More play in the classroom (they don't need to grow up too quickly).  We could have a diary to communicate homework and info from teachers.  Advice on secondary schools, application process, Thomas Telford Application before YR 6 as it is a minefield looking at all the schools, applying for them and all the tests. Maybe previous Yr 6 parents could help with a meeting for Yr 5's. Happy to help in any way with this.  Anything could be done regarding parking.  Could do with an Easter Parent Consultation.  Books to be available on Parents Day please.  Communication with parents about events and activities.  Utilize more functionality of Parentmail, specifically payment for clubs/trips etc.  More fundraising for the trim trail.  Increased communication with parents. More late afternoon/evening meetings/parents activities for working parents.  Parents supervised their children on the play area before school.  Staggered start times for KS1 and KS2 to ease parking issues.  More practical activities in classroom.  Dinners could be improved and more appealing meals.  Books out to view.</p>

PARENTS WERE ASKED TO SAY WHAT THEY VALUED ABOUT LILLESBALL SCHOOL AND HOW IS COULD BE EVEN BETTER IF. THEY COMPLETED POST-ITS THAT WERE THEN ARRANGED IN TWO COLUMNS ON A WHITE BOARD, THIS WAS DONE DURING PARENTS DAY ON THE 24TH OCTOBER 2018

<p>My daughter is very happy - the school fosters a kind, caring environment. I value that the school teacher is available to see at any time. Community spirit. Pupil/parent support. Variety of school clubs and family friendly school. Love the support the staff give to both students and parents. Fab, informative. Relationship pupils have with teachers. The quality and speed of teaching is apparent.</p>
