

KS1 Pupil Voice 10.1.24	Year 1	Year 2
1. Why do you think we go on educational visits?	To learn more things about places.	To learn and look at things that we are finding out about. To discover history.
2. Can you tell me about any educational visits you have been on recently?	Cosford Visit to the Church for Harvest and Christmas services.	Cosford History toy museum Stafford Castle Trentham Gardens
3. How did the visits help your learning?	We learned about helicopters and aeroplanes because our theme was 'on the move'.	I learned about Capability Brown at Trentham Gardens. We can write about the topic afterwards.
4. Do you enjoy educational visits? Why?	Yes we love them because they are fun.	Yes because you get to go on a bus. They are fun.
5. Tell me about Lilleshall Explorer walks.	We don't know about those. Sometimes in Eco group we explore the school grounds.	Children could not tell me what these are.
6. Are there any educational visits you would like to go on?	Arthog because Mrs Cousins talked about it in assembly yesterday. Wolverhampton and Cardiff.	Sport trips like fencing, swimming.

KS2 Pupil Voice 15.12.23	Year 3	Year 4	Year 5	Year 6
1. Why do you think we go on educational visits?	If you are learning about a topic and there is a place in this country about that topic, you can go there and learn more about it.		Its fun for us and to get more knowledge about what we are studying.	To expand our knowledge about our learning and see things from different perspectives. In the classroom it might not have the same effect.
2. Can you tell me about any educational visits you have been on recently?	Blists Hill Chetwynd deer park (Y3) Trentham Gardens Polar Express		For History - Cadbury World (Maya), Blists Hill (The Victorians), Wroxeter (Romans). English – Adams Grammar workshop helped understand our learning and it was a fun way to learn how to improve writing.	Arthog, Cadbury World, London to visit the Houses of Parliament and go on a river cruise.
3. How did the visits help your learning?	They were more practical. I learned more than looking in a book or at pictures. The people there know a lot about the topics. They make us have the experience to know what it was like in that time on History trips.		They put more knowledge in my mind. We have fun without realising the knowledge we are getting. If it was delivered in class, the knowledge would not go in the same way because of the real experiences on a trip.	The visits embed your learning more. The knowledge stays with you better, it sinks in more.
4. Do you enjoy educational visits? Why?	Yes, because we get to spend money in the shop. It is good to see what was around a long-time age. They tend to make you more active instead of being in the classroom. They make things real. The trips help us when we are back in class. Recounts help us remember what we did on the visit.		Yes, because they are fun, you get to explore places you have never been and experience what it would have been like, especially history trips. The people leading the trips have lots of	Yes, because they give us a better understanding of what we are learning. There is a better appreciation of how people lived and what they did, for example the Maya at Cadbury World.

		knowledge to share with us. It is better than watching a documentary.	Arthog taught us geography, social and team building skills. It was learning for the outside world, not just for school.
5. Tell me about Lilleshall Explorer walks.	Children could not tell me what these are.	They are really fun. We get to experience the outdoors, get fresh air, see all of the wildlife. We get to learn about new plants, wildlife and the history of our local area.	They are fun. The routes allow us to explore new places and learn about the diversity of the world and our local area.
6. Are there any educational visits you would like to go on?	A science museum because we could see lots of inventions.	Science – Jodrell Bank for astronomy.	Harry Potter World would be great to help us with our English module. More RE trips would be interesting, for example, a visit to a Gurdwara. A trip to the Exotic Zoo to help with Science learning.
