

School Council Minutes 01.07.25

Present: Mrs McCormick, FP, WT, IR, HS, MY, AL, PP, KD, AM, FH, JH

We set up the suggestion bag to go on the noticeboard as discussed at a previous meeting. Amelia very kindly used her art skills to draw the School Council logo on the bag. We will let the school know about the bag in an assembly. We sorted a pocket to go on the noticeboard to store the spare suggestion slips along with a pen for people to write with.

We discussed the NSPCC kindness initiative. We signed up for the initiative and then looked at the resources. We completed the generosity activity in preparation for doing with our class in October. We voted for the mindful colouring sheet to use and thought of the kindness acts we would like people to do. We completed the Empathy sheet to discuss how people might be feeling.

We went for a walk around school to check for any Health and Safety concerns.

All gates were closed and locked.

We picked up some litter outside on the field.

One of the rockers is broken on the park and the flooring under the swings is badly damaged with holes in and has become a tip hazard. We spoke to Mrs Ball so she could let the local authority know as they are responsible for the maintenance of the park equipment.

There was spilt water on the side by the water fountain outside Year 4 and paper towels on the floor of the toilets at Reception class end of school. We will remind our classes about taking care filling water bottles and putting paper towels in the bin.
