

E-Safety Team Meeting Minutes

Date: 11.6.25

Present: OL, GG, BDQ, KD, SC, LD, HW, LD, LB, Miss Evans, Mrs Giles

Following on from the school survey we carried out last session, we began designing and creating posters to be displayed in our school toilets. We decided this would be an ideal place to share key advice and tips about staying safe online. We collected some ideas as a group before starting to design them.

Our next task was looking at our visitor's pass which we give to anyone who visits our school. We could see there wasn't a section on e-safety, so we came up with some ideas as to what we could put there to make visitors aware. We came up with some amazing ideas, like having a catchy phrase!

Great work e-safety team!
