School Committee Reviews

March 2023

Committee Name: ECO

Questions	Committee Response
Do you feel that your committee has a clear purpose?	Yes – it is to tell people how to care for nature, not to litter, preserve the environment, make our school grounds more appealing.
Have you been able to make a difference/make any changes in school?	If yes what have these been? If no what is the barrier? Yes – we have added bird houses, new plants, battery collections, new trees, signs around school about saving electricity.
Do you feel that you have been able to communicate with the whole school community?	Yes in assemblies and going around each room.
Do you feel you are having a positive impact on the life of the school?	Yes/No Why? Yes because we have encouraged more people to recycle, bring in batteries and not to waste water. Our school grounds are also starting to look nicer.
Do you know where to find the Committee's on the school website?	Yes – click on about Lilleshall then committees.
Do you feel that you committee is important and should be maintained?	Eco committee should stay forever because it is so important. We need to keep working for the green flag award.

Do you enjoy being on this committee? Why?	Yes – we like learning about nature, planting, what we can do to fix the things harming the environment. We also like going on the visits.
What are you most proud of?	How we have encouraged people not to litter and save energy. We are proud of how we have improved the school environment.
What would you most like to do next to improve the school community?	More bug houses and a wormery. Fundraising – crisp bag keyrings, eco stall at school fairs.
What do you need from Mrs Cousins to help you achieve your goals?	We will need a bit of money to buy plants.
